

This year, we will be offering school photos through Shantelle Louise Photography. Photos will be available for viewing in an online gallery through Shantelle Louise Photography's website. This gallery will be private to the public but will be accessible by any of St. Albert Nature School's current families and staff.

Once viewed, families will be able download photos of **only** their child through an online purchase code. These images will not be used for advertising or any other purposes.

If you wish to participate, please sign and return the image release waiver (below) by October 3, 2022 Any children without signed waivers will not be allowed to participate in the individual or class photos. At this time, we cannot offer one and not the other due to the complexities involved in coordinating this.

Any questions please direct to Lori or Nicole at stalbertnatureschool@gmail.com
